MATTAPOISETT TAXES TO ROCKET

We have received a notice that will be of interest to most taxpayers in Mattapoisett. Unless people attending the town meeting use much care, Mattapoisett is in for some record taxes. You are your own representative at the town meeting and appropriate your own money. IF YOU ARE THERE.

Items of interest to whom it may concern:

There are on the tax books of the Town of Mattapoisett 1829 real and personal taxpayers who have to foot the bill for the year of 1960 of $697,896.97, less estimated receipts of $207,901.85, leaving the amount of $489,995.12 at an average cost to each taxpayer of about $267.89.

Unless we are very careful, I estimate that the 1961 rate will be in the upper 80's, close to $90 per thousand.

Enoch LeBaron Winslow, chairman
Board of Assessors

HIGHLIGHTS OF MATTAPOISETT GRANGE

A very special event took place for Mattapoisett Grange this past week when the float that was entered in the three Town Veterans' parade on Veterans' Day was one of the first prize winners.

This was due to the enthusiasm of one of the members of the Grange, Mrs. Searl Root, who with her husband worked out the plans and were then assisted by the following: Mr. and Mrs. Leonard Randall, Mr. and Mrs. Joseph Furtado, Mr. and Mrs. Lemuel LeBaron, Mr. and Mrs. Earl Wilson, Mrs. Ruby Barber, Mrs. Jennie Toolis, Charles Figueriedo, Otto Kellish and Albert Pemberton, with Mrs. Lee Root presiding over the coffee breaks.

This float depicted the Grange, people and country, all working to-gether. Those riding on the float were Mrs. Ellen Heuberger, Mrs. Jennie Toolis, Mrs. Joan Root, Carl-

THE BACKBONE OF THE UNITED STATES

From the early days of the Republic, the great strength of the United States has been drawn from a self-reliant, independent, Yankee spirit which disregarded the odds and refused to consider defeat. This kind of spirit has made our country the greatest in the world. A rot has invaded the cities. Political bosses are able to deliver the votes of their districts like so many sheep being led to pasture. It is heartening to know that this soft human flesh has a backbone still. The rural areas of this country still carry the blood lines of strength. No one dictates to these stubborn Yankees. When they vote, they vote according to their judgment of what is best for the United States, the country that will pass to their children.

Senator Saltonstall has built a solid record of achievement for the people of this Commonwealth. He was able to stand confident of victory while trailing his opponent by 50,000 votes. He was sure that the towns would vote on the basis of merit. Governor elect Volpe made his acceptance speech while trailing by a similar margin. Congressman Hastings Keith also owes his return to Congress to the small

towns who vote on the basis of individual merit. State auditor Buckley, Democrat, piled up almost the same total vote as Senator Saltonstall. The people in the rural areas recognize a good man who has the courage to expose corruption.

In talking of the Kennedy victory, Harry Truman said, "It was a great victory and the results of that victory will be a continuation of the Roosevelt program of 1933 for the welfare and benefit of the everyday citizen." If this is the case it is little wonder that the Soviet press is as enthusiastic as Truman. We much prefer to credit President elect Kennedy with better judgment. He will take over from President Eisenhower a country that is solvent, that enjoys a dynamic free economy and a position of power unequaled in world history. We prefer to hope that government controlled strangulation of the economy along Roosevelt lines will not be his method. There is a difference between the statements of the campaign and the sober task of leadership which will really benefit the citizens of a great nation.

ZONOLITE INSULATION

Heat rises. Therefore, attic insulation is of the greatest importance. Properly installed, attic insulation can reduce fuel bills by 33⅓%.* It is also a barrier against summer's sun, keeping upper rooms as much as 10 cooler. Fortunately, the attic insulation job is the easiest and most economical to perform. Under normal conditions, you can do the job yourself with Zonolite Insulation — *in less than a day.*

EXPRESSES GRATITUDE

Congressman Hastings Kei h (R-West Bridgewater) expressed his gratitude to the voters of the Ninth Congressional District for the impressive plurality he received in his re-election to Congress.

Commenting on the recent campaign he stated, "We won because we had a hard working team which stressed my record as a first-term Congressman and clearly pointed out the issues to the voters. I appreciate this vote of confidence and will continue my efforts on behalf of all the people of the district during my next term."

NORTHERN LIGHTS

Saturday night there was a most unusual and spectacular display of Aurora Borealis over the town. The unusual part of this display was because of the color. We observed a circular dome of a deep red which remained stationary for a short time and then peeled off and marched across the sky toward the northwest. We remember that about a year ago there was a northern light display from the north in very intense colors of blue and green and they flickered in waves low on the horizon. The red display was directly overhead and it was as if the observer were looking up into the interior of a cone. It was seen over Mattapoisett at about 7:30 P.M.
